EDUCATION

2023 - 12TH
Rajan Matriculation Higher
Secondary School
Percentage: 70%

2023 - 2027
Kamaraj College of Engineering
and Technology
B.E.CSE, CGPA: 7.1 (4TH Sem)

SKILLS

WEB & PROGRAMMING SKILLS

- HTML5, CSS3, JavaScript
- React.js, TypeScript
- Python

TOOLS & PLATFORMS

- Git & GitHub
- VS Code
- Canva (Graphic designing)
- Blender (3D Modeling, Animation)
- Davinci Resolve (Video editing)
- Arduino IDE

AREA OF INTEREST

- Frontend Development
- Graphic Designing
- 3D Modeling & Animation
- Video Editing (DaVinci Resolve)

PROFESSIONAL OBJECTIVE

Motivated Software Engineering student skilled in frontend development, 3D visualization with Blender, and IoT systems. Seeking to apply technical skills to real-world projects and deliver innovative solutions.

PROJECTS

JEEVAN DHARA 365

Jeevan Dhara 365 (Ongoing) is an IoT-based smart farming project using an ESP32 with multiple sensors to automate irrigation and monitor environmental conditions. The system provides real-time alerts and uploads data to a cloud backend for AI-driven predictions on crop health, weather, and pest risks. It aims to enhance water efficiency, reduce manual effort, and offer a scalable solution for smart agriculture.

(Applied Patent)

Tools: Arduino IDE, Sensors, Microcontrollers, Actuators

SMART EXAM PLANNER(SEP)

Smart Exam Planner is a web-based system that automates exam seating and logistics for Admin, Teacher, and Student roles. Built with React, TypeScript, and Tailwind CSS, it uses the Google Gemini API for AI-driven seating optimization and includes a drag-and-drop layout editor, role-based access, and export features for a clean and efficient user experience.

Tools: TypeScript, React, HTML and CSS

Project URL: Smart-Exam-Planner.com

SEVEN'S STUDIOS

Developed the SEVEN'S STUDIOS website as a responsive creative portfolio showcasing services like graphic design, web development, video editing, VFX, and 3D animation. Built using HTML, CSS, JavaScript, and Three.js, the site features interactive 3D visuals, dynamic content, modern UI effects, and optimized performance with a strong focus on responsive design and user experience.

Tools: HTML, CSS, JavaScript

Project URL: Sevens-Studios.com

INTERNSHIP

Completed an internship at V7Lancers, where I worked on web development using HTML, CSS, and JavaScript. Gained hands-on experience in building responsive web pages, implementing basic frontend functionality, and improving practical understanding of UI structure and styling.
